

Now Offering Online Services Through: **PomeloHealth**

Online appointment booking

Book and manage your clinic appointments securely and conveniently online.

- ✓ View appointment availabilities and book them instantly online.
- ✓ View your upcoming and past clinic appointments.
- ✓ Eliminate “phone tag”, voicemail and waiting on hold.
- ✓ Receive automatic timely appointment reminders.

Secure Messaging

Our secure web-based/mobile messaging system allows communication directly with your family physician and/or the clinic.

- ✓ Private messaging protecting the confidentiality of your sensitive healthcare information.
- ✓ Opportunity to be notified through the portal about some of your medical test results (bloodwork and/or diagnostic tests such as xray or ultrasound).

To Register, call (403) 342-7270

PomeloHealth

What do our Physicians and Patients say?

Pomelo has made it so much easier to reach my patients and give them timely results. They receive messages privately and securely, which gives me confidence to send updates often. So many people tell me they LOVE the convenience of booking appointments online too!

~ Dr. Marci Wilson

Pomelo makes it so easy to choose the appointment times that fit my schedule, without having to wait in line or on the phone. I really like the appointment reminders!

~ Brian G

I lost my lab requisition and so the clinic just sent me new forms through Pomelo. I didn't need to drive down to the clinic for a copy and it saved me a lot of time.

~ Madison R

My patients really enjoy the freedom of self scheduling appointments with 24 hour convenience. Plus, through this reliable portal, it allows me to send timely, confidential patient results and other related communication. I highly recommend Pomelo to all my patients!

~ Dr. Katherine Atchison
